

SANDARU ABHISHEK

BSc Applied Science Undergraduate

+94 78 558 0211 • sandaruabhishek32@gmail.com • Tangalle, Sri Lanka
[linkedin.com/in/sandaru-abhishek-8698652a5](https://www.linkedin.com/in/sandaru-abhishek-8698652a5)

PROFESSIONAL SUMMARY

Motivated BSc Applied Science undergraduate with a strong foundation in physics, mathematics, and computer science. Proficient in Python, C/C++, JavaScript, and PHP, with hands-on experience in machine learning, deep learning, and web development. Skilled in building AI models using TensorFlow and Transformer architectures, and in developing database-driven web applications using Flask and MySQL. Actively involved in university leadership and extracurricular activities, demonstrating initiative, collaboration, and a well-rounded profile. Seeking to apply technical skills and analytical thinking in a professional or research environment.

EDUCATION

Bachelor of Science in Applied Sciences

Rajarata University of Sri Lanka

Specialisation: Physics · Mathematics · Computer Science

Expected Completion: October 2026

G.C.E. Advanced Level – Physical Science Stream

BCC Passes (2020)

H/Ruhunu Vijayaba College, Beliatta (2010 – 2020)

TECHNICAL SKILLS

Programming Languages:	C, C++, Python, JavaScript, PHP, MATLAB
Web Development:	HTML/HTML5, CSS, JavaScript, PHP, MySQL
CS Concepts:	Data Structures, Operating Systems, Artificial Intelligence, OOP, Network Optimization, Version control
Tools & Platforms:	Git, GitLab, MATLAB, MySQL, TensorFlow, Keras, Flask, SQLAlchemy
Frameworks & Libraries:	TensorFlow, Keras, Flask, SQLAlchemy, BERT/roBERTa (Transformers)
Laboratory Instruments:	Digital Oscilloscopes, Signal Generators, Multimeters, Breadboard, Spectrometers, Travelling Microscopes

RESEARCH & PROJECTS

Sinhala Sentiment, Humor & Sarcasm Analysis Research

- Developed a Sinhala sentiment analysis model using Transformer models (BERT/roBERTa) and SentencePiece tokenization. Implemented custom preprocessing pipelines to classify positive, negative, neutral, sarcastic, and humorous sentiments.

Corn Leaf Disease Detection

- Built and trained a CNN model using TensorFlow/Keras with image preprocessing, Dropout regularization, and Adam optimizer. Achieved 94.97% validation accuracy in classifying corn leaf diseases.

Train Ticketing System

- Developed a Flask-based web application with SQLAlchemy/MySQL database integration and RESTful routes. Implemented secure authentication and Jinja2 front-end templates for full-featured ticket booking management.

Modified Logistic Growth Model – Mathematics Research

- Developed a modified logistic growth model to predict the impact of habitat loss on Asian elephant populations in Sri Lanka.

CERTIFICATIONS

- Programming Foundations: Version Control with Git – LinkedIn Learning
- Continuous Integration and Continuous Delivery with GitLab – LinkedIn Learning
- Hands-On Python Machine Learning with Real World Projects – Udemy (January 2026)

VOLUNTEERING & LEADERSHIP

- Committee Member, Association of Rajarata ICT (ARICT): Coordinated educational ICT programs and promoted technology awareness among students.
- Editor, Society of Physics and Astronomy (SOPA): Managed editorial content for publications and internal communications.
- Member, Fastunes (Faculty Music Band): Performed at official university events and cultural functions.

ACHIEVEMENTS & AWARDS

- 1st Place — Volleyball, Freshers' Tournament, Rajarata University of Sri Lanka
- 3rd Place — Weightlifting, Freshers' Sports Meet, Rajarata University of Sri Lanka
- 3rd Place — Weightlifting, Faculty Sports Meet, Rajarata University of Sri Lanka

SUPERVISORS / ACADEMIC REFEREES

Dr. (Ms.) H. O. Wijewardane

Senior Lecturer, Department of Physical Sciences, Faculty of Applied Sciences
Rajarata University of Sri Lanka

Tel: +94 777 984 398 / +94 25 226 6384

Email: ovamini@as.rjt.ac.lk

Dr. R. L. Jayaratne

Head of Department / Senior Lecturer, Department of Biological Sciences, Faculty of Applied Sciences
Rajarata University of Sri Lanka

Tel: +94 716 141 714

Email: ravindrajayaratne@as.rjt.ac.lk
